

G22 — Fiche 6 — Robotique & automatisation

Pose la question portant sur le groupe de mots souligné — fiche 6/10

 B1-B2

 Tout niveau PEIP2

 marc.vasseur@polytech-lille.fr

 Pour chaque phrase, pose la question en anglais dont la réponse est le groupe de mots **souligné**. Fais attention à l'auxiliaire, à l'inversion et au temps de la phrase.

- 1 The factory uses robots for most of its assembly lines.

TA QUESTION

- 2 The engineers are currently calibrating the robotic arm.

TA QUESTION

- 3 The plant has automated nearly sixty per cent of its production.

TA QUESTION

- 4 The team built the first prototype in only six weeks.

TA QUESTION

- 5 A technician was adjusting the sensor when it suddenly stopped working.

TA QUESTION

- 6 The new robots will replace some of the manual tasks.

TA QUESTION

- 7 The company is going to double its robotic workforce next year.

TA QUESTION

- 8 The engineers have been improving the robot's balance since January.

TA QUESTION

- 9 By the time the inspector arrived, the robot had already completed the task.

TA QUESTION

- 10 If the sensors had been more accurate, the robot wouldn't have collided with the shelf.
